rpm appoints Lesley Carline as Head of Sales & Marketing

Pensions administrator rpm has appointed Lesley Carline as Head of Sales and Marketing. The move further bolsters rpm's investment in high quality expertise from across the pensions industry, and follows a major strategic reorganisation, which saw the company consolidate recent business growth and prepare the ground for further expansion in the third party pensions administration market.

A Fellow of the Pensions Management Institute (PMI) and an active member of its Council, Lesley has also been an adviser to the Pensions Advisory Service (TPAS) and is a regular high profile speaker, particularly on defined contribution benefits.

Bringing with her a wealth of industry experience in promoting both defined benefit and defined contribution solutions, Lesley has a proven track record over the last 20 years.

Enthusied by her new challenge, Lesley says: "this is a fantastic opportunity to help build on the strong foundations that Robert Branagh and his team have been putting in place across rpm's Administration business. It's one thing to have great products and services to offer clients, but it is also important to ensure people know about them and understand how we can help achieve their goals."

Managing Director, Administration Robert Branagh added: "we continue to grow and our ongoing investment in the industry's top talent underlines our commitment to quality. Not only is Lesley highly regarded for what she does, she also shares our values on how to achieve it."
