Administration Services

## Would your scheme membership data meet the Pensions Regulator's guidance on record keeping?

Is your data robust enough to help you through a significant de-risking exercise such as a buy-out?

Our expert independent team can work with you and your partners to develop a solution that fits: allowing you to concentrate on what you do best – looking after your scheme and its members.

### Data Audit Service

We work with you to make sure you completely understand your scheme data, developing practical solutions to address any issues that we might find.

- **Simplicity** - Our system can configure data extracts from any administration system
- **Choice** – Our suite of tests can include TPR common, conditional and bespoke tests relevant to your scheme
- **Analysis** - Provide summary and in-depth reports with analysis and recommendations
- **Guidance** - Provide a project plan to rectify any identified data issues in line with your goals and priorities, estimating the cost and timescale to address each issue.

### Product detail:
